

SINCE AUGUST-1995

**KUMAR DIRECT**

live work study  
in italy 

# Our Story

Founded in 1995, we've built solid relationships with quality education partners to send aspiring, driven and hungry international students to the Canada | United Kingdom | United States | New Zealand | Ireland | Europe & Australia

After many years of working in the overseas education consultancy business, we saw so many areas that were lacking in coaching, service, knowledge and efficiencies and that's where we wanted to step in.

As consultants for overseas education, we wanted to be different. We don't ask students to come to offices or travel long distances for a face to face meeting. We can do this Via Online anytime anywhere

We created this Live Coaching & Consultancy to provide a fun, easy and engaging service, a service where students won't need to leave their home for Coaching or to apply to university.

Our goal is to simplify the process. Our goal is to open higher education up to anyone with an internet connection. Our goal to make the world a more connected place and to help students understand the study abroad Coaching & process better with Right Information

There is a better way to Coaching & apply to study abroad, and we believe we found it.

We are pleased to inform you that now you have options of Coaching 2 Admission 2 VISA - All Services all under one Roof

[IELTSnPTE.com](http://IELTSnPTE.com) & [Kumardirect.com](http://Kumardirect.com) provides a swift, simple and efficient service, connecting international students to higher education, anywhere.
